KDO JSME WHO WE ARE

Crystalex staví na celosvětově vyhlášené tradici českého sklářství, a posouvá toto dědictví do 21. století. Původem jsme z Nového Boru, tedy místa, které bylo po staletí samotným srdcem severočeského sklářského průmyslu, a Crystalex tak nabízí to nejlepší z českého sklářského umění. Jsme největším výrobcem skleněných produktů v celém Česku, a patříme mezi největší výrobce na světě.

Crystalex builds on the world-renown tradition of Czech glassmaking and takes it into the 21st century and beyond. Originally from Nový Bor, a town which has for centuries been the center of the Northern Bohemian glass industry, Crystalex offers the best of Czech glassmaking craftsmanship. We are the biggest producer of drinkware in all Czechia and are among the foremost glass producers worldwide.

MADE IN

BOHEMIA CRYSTAL

Již více než 50 let nesou produkty Crystalex ochrannou známku Bohemia Crystal™, která zaručuje tu nevyšší kvalitu materiálu a výrobních procesů. Produkty označené touto prestižní známkou dnes slouží jako synonymum prověřené vysoké kvality českého sklářství. Jsme hrdí na to, že můžeme i nadále nabízet výrobky, které v sobě snoubí historickou zkušenost a tradici s moderními technologiemi a invencí českých specialistů.

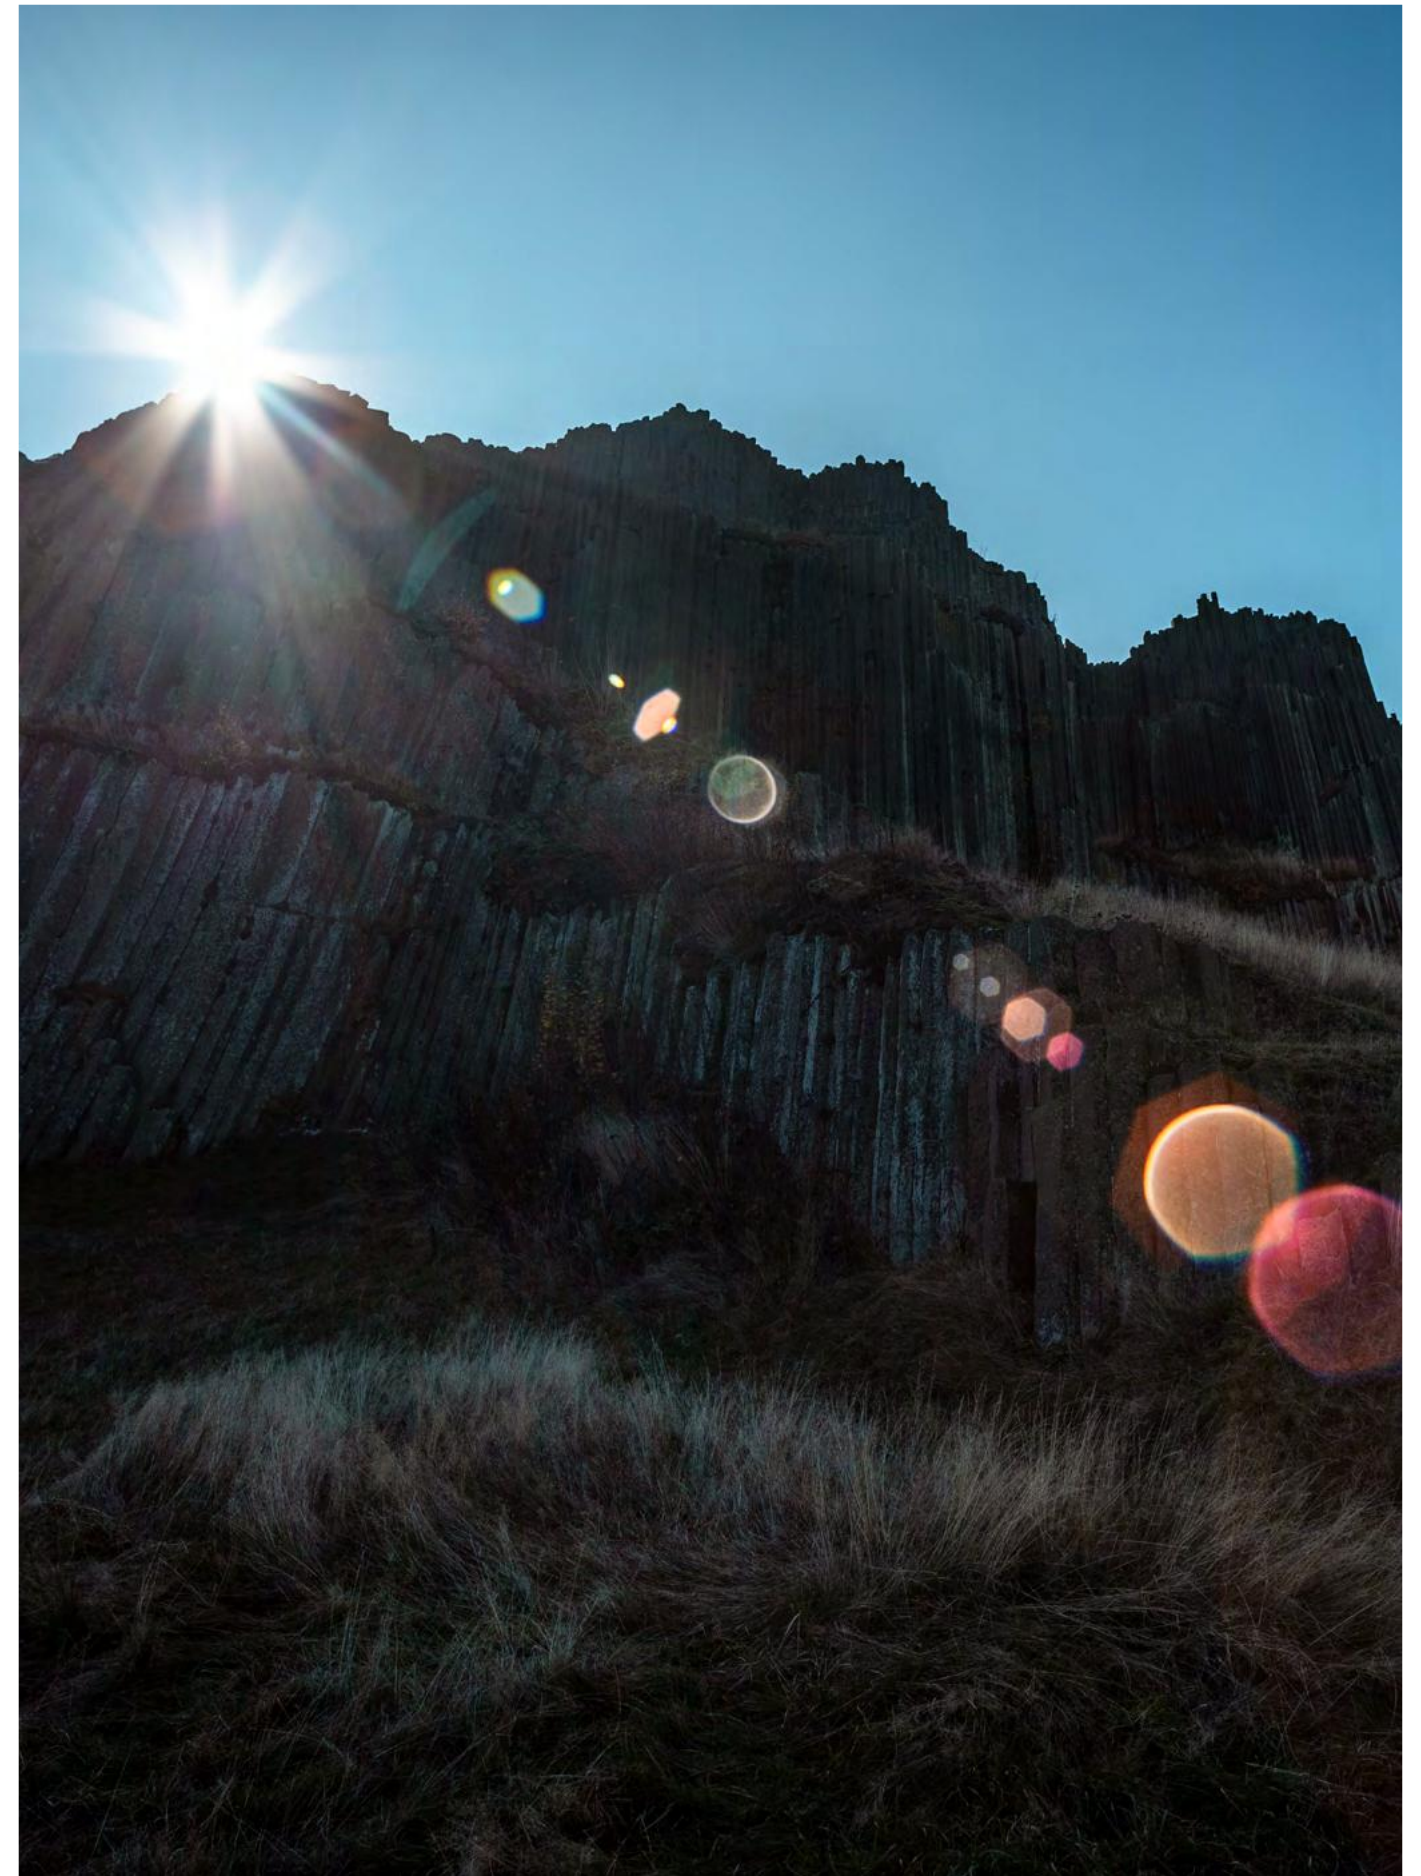

For over fifty years, Crystalex products have been carrying the Bohemia Crystal™ trademark which guarantees the highest quality in both material and production processes. Products designated with this prestigious trademark have become synonymous with the tried and tested quality of the Czech glassmaking craft. We are proud that we can continue to offer products which merge historical experience and tradition with modern technologies and the ingenuity of Czech specialists.

PREMIUM TRADEMARK

BOHEMIA SPARKLE

Všechny naše produkty jsou vyráběny ze skloviny Sparkle™, a pro její charakteristické vlastnosti jsme se rozhodli vytvořit prémiovou ochrannou známku Bohemia Sparkle™ se zaměřením na využití v segmentu hotelnictví, restaurací a cateringu (HoReCa). Kromě optických vlastností splňují výrobky s tímto označením nároky pro náročné a profesionální využití nápojového skla, včetně silnější stěny a tvrzeného ústního okraje. Crystalex vše dále rozšířil o logistický koncept B2B, který našim zákazníkům vždy zaručuje efektivní služby a bezpečné dodání.

All our products are manufactured from Sparkle™ glass, and we have decided to create a trademark which would join all its unique characteristics under a single banner. The premium Bohemia Sparkle™ trademark caters mostly to the segment of hotels, restaurants and catering (HoReCa). Apart from perfect optical qualities, products designated by this trademark fulfill the demands for professional glassware, including a thicker glass wall and a firmed rim. Crystalex has furthermore expanded the B2B logistical approach, which assures our customers effective service and safe delivery, every time.

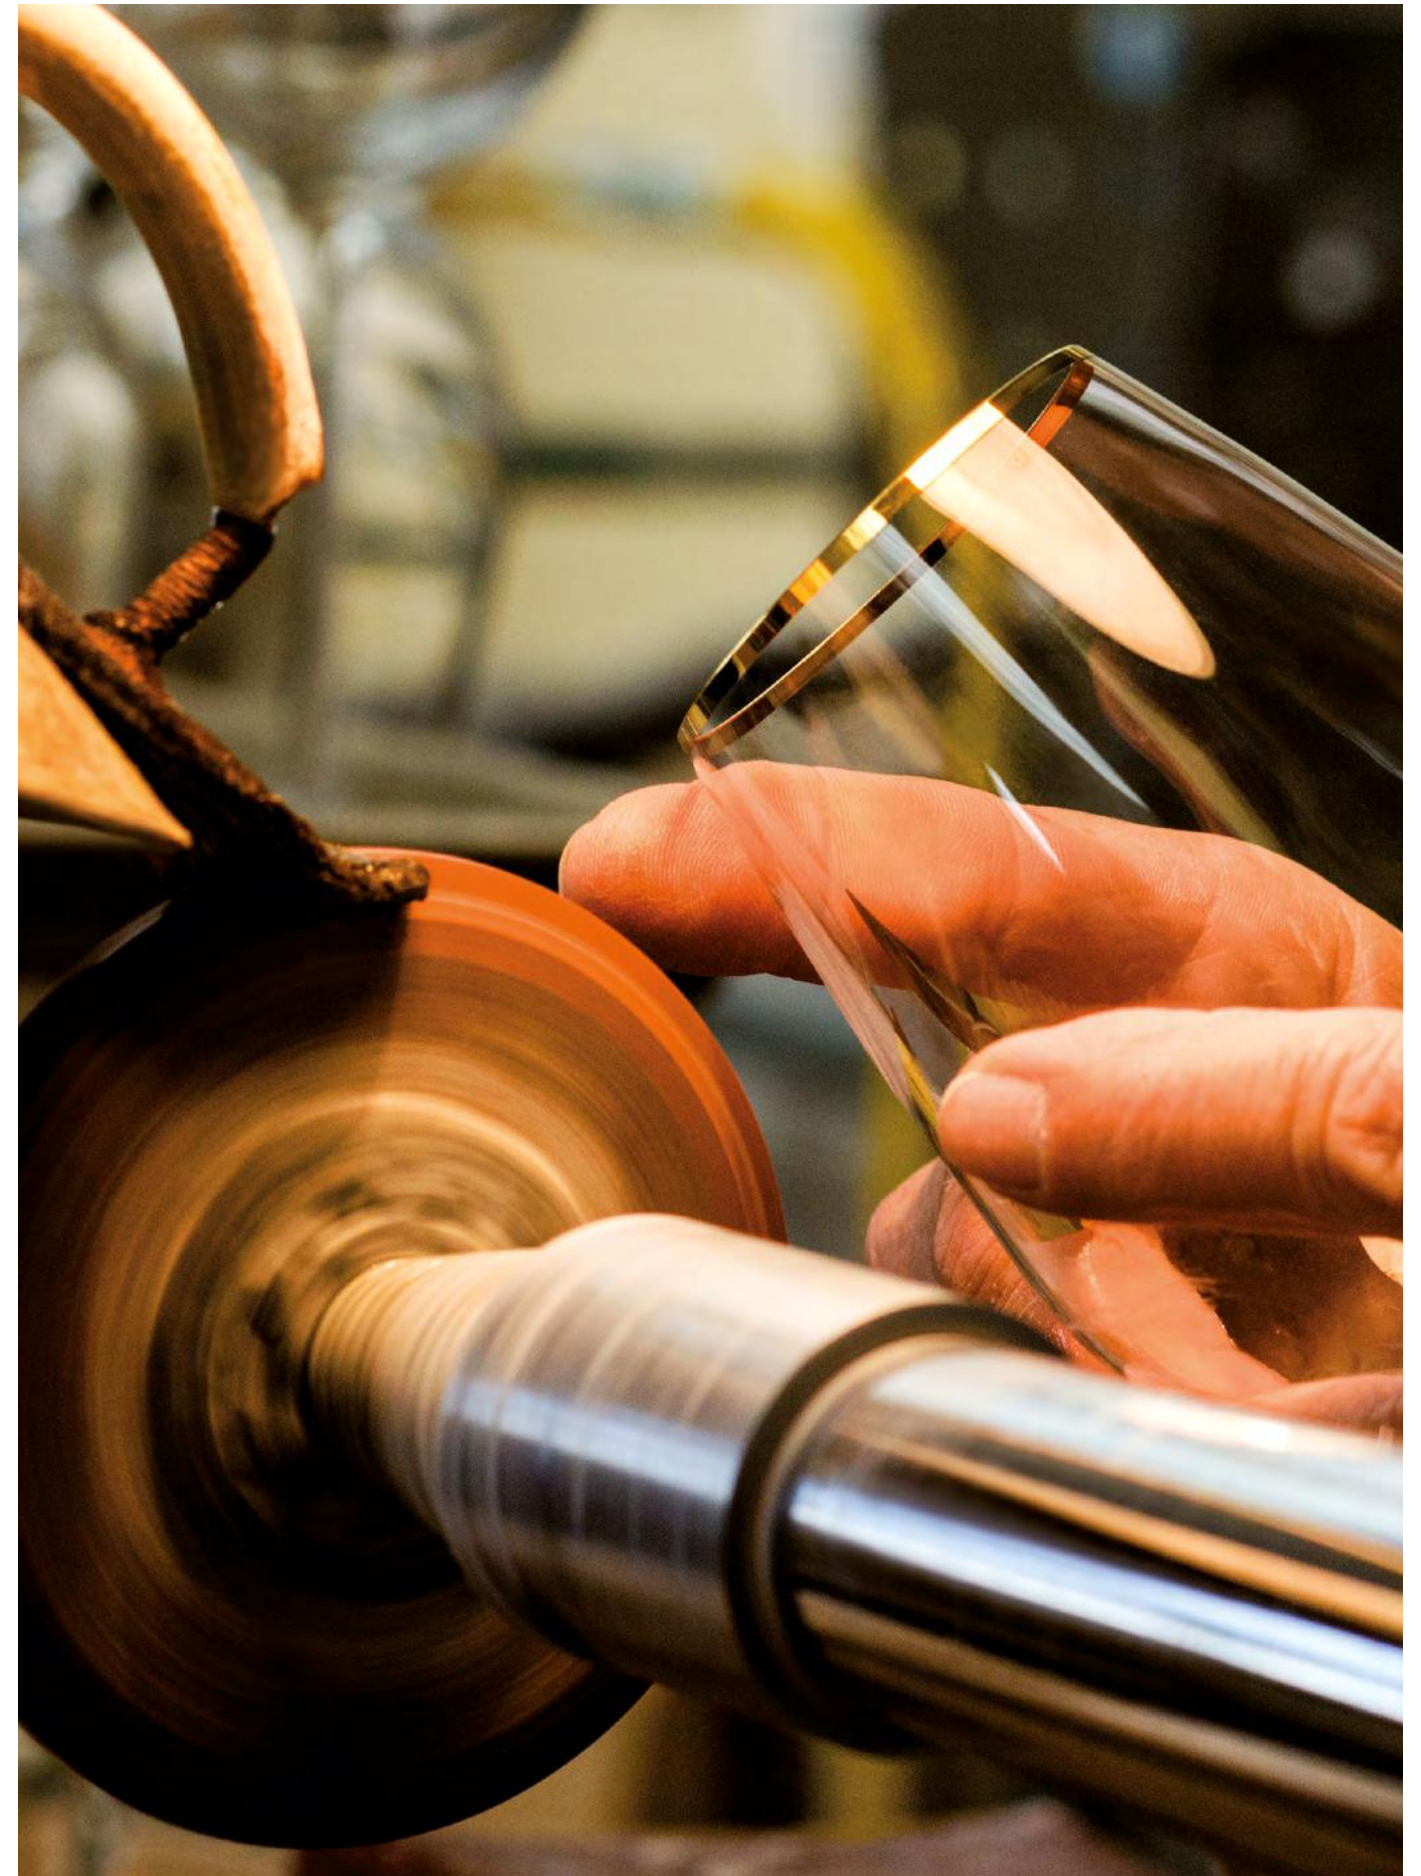

VÝROBA A TECHNOLOGIE

V Crystalexu jsme velmi hrdí na své výrobní technologie a věnujeme mnoho času optimalizaci a vylepšování našich automatických výrobních linek. Jsme si velmi dobře vědomi, že průmyslová výroba musí držet krok s dobou, a že jako firma máme zodpovědnost k našim zaměstnancům, naší společnosti a k životnímu prostředí.

Využíváme ekologické a efektivní celoelektrické tavení skla, s minimálním obsahem oxidů dusíku (NOx) a dalších emisí. Oproti plynovému i kombinovanému otopu má celoelektrické tavení značně nižší energetickou náročnost na tavení skla. Navíc používáme výhradně tavicí pece vyvinuté a zkonstruované našimi techniky přímo pro náš závod.

Používáme celou řadu ručních, tradičních i moderních metod dekorace, jako například pantograph, strojní brus, malování či sítotisk, které navíc jedinečnými způsoby kombinujeme. Crystalex využívá možná nejširší spektrum zdobných metod skla na světě, a náš cit pro současný design nám pomáhá posílat do 80 světových zemí na 50 milionů skleněných výrobků ročně.

PRODUCTION

We take pride in our technologies and invest much energy and resources to streamlining and improving our automatic production lines. Crystalex understands that industrial production must move with the times and that we have great responsibility towards our employees, our community, and environment.

Our main gift to the environment and the planet as a whole is found in all-electric melting, which does not produce nitrogen oxide (NOx) and other pollutants associated with gas and combined heating methods, while remaining maximally effective. We use only certified melting furnaces which we designed and developed right here at Crystalex, and which assure the most ecologically responsible mode of production.

Our designers use a spectrum of both traditional and wholly original decorative methods, like pantograph, machine cutting, painting, or screen printing, often combining them in fresh new ways. Crystalex has perhaps the widest range of decorative glass techniques in the entire world, and our products' fine aesthetic qualities allow us to ship over 50 million pieces of glassware per year to clients worldwide.
