

FISHERMAN'S DREAM

Koi

CRYSTALEX

Three Wishes

Koi / The freshwater ecosystem is home to many tasty carp. To please our fishermen aficionados, we made a set of two glasses for the Koi collection, adorned by colored screen print. While one side depicts soothing waves, the other invokes a good catch. We send the collection out gift-wrapped and with a personal message card.

Ed's Fish / Do you have everything – the fish line, the hook and bait – and are you ready to go fishing? The Ed's Fish glassware set will certainly help you get a trophy catch. And maybe not just one. The screen-printed design tells a story – from the moment you sit down on the bank until the moment you bring home a bountiful catch. We send the collection out gift-wrapped and with a personal message card.

The decor was designed by Eduard Hrabal, a 17-year-old student from the Middle School of Media Graphics and Polygraphy in Rumburk, who makes amazing caricatures in his spare time.
